PROFESSIONAL REGISTRATIONS AND AFFILIATIONS

Registered Architect in New Hampshire, Massachusetts,
Vermont
National Council of Architectural Registration Boards
Certified
Professional Member, American Institute of Architecture,
since 1988

Mr. Weller is fascinated by architecture's ability to meet more than the utilitarian day-to-day needs of people, and explores topics such as Sacred Geometry and Feng Shui in an effort to broaden his understanding of the philosophical and historical aspects of architecture. These interests, combined with a deep interest in creating learning and working environments, have served him well on such projects in Keene as the Monadnock Waldorf Pre-school, the Monadnock Children's Museum, the new Stonewall Farm Education Center, and at the Sunrise Children's Day Care Center in Amherst. A community-oriented architect, Tom has enjoyed working on projects such as the Troy Community Center, the Harrisville and the Sullivan Town Halls, the Olivia Rodham Memorial Library in Nelson, the James A. Tuttle Library in Antrim, and the Philip Read Memorial Library in Plainfield, the United Congregational Church and Town Hall in Sullivan, as well as the Rise Program and the Community Kitchen in Keene. With an interest in sharing his passion for architecture he has taught at the High Mowing High School, the Dublin High School, the Monadnock Waldorf Elementary School and Keene State College in addition to participating in the Shine Program at the Franklin Elementary.
